THANKYOU, FLEETWOOD!

The Fleetwood BIA team would like to send out a huge thank you to all the businesses who participated in the Surrey Safety Survey.

Over the span of four weeks, our team has been working hard to collect your thoughts and concerns regarding safety and security of your business and the Fleetwood area. We collected over one hundred surveys from all across the Fleetwood Business district.

Now with the data in hand, the team can analyze and interpret the survey results. These results, in partnering with the City of Surrey, will help the BIA determine the safety concerns and create solutions for these issues. From these findings, it is our intention to establish measures and plans that can help take preventative action against the major safety concerns.

Should you have any questions regarding the safety survey, or have any other concerns overall, please do not hesitate to contact your local, friendly BIA team!
